## INDEPENDENT AUDITORS' REVIEW REPORT

The Board of Directors and Shareholders  
Pou Chen Corporation

### Introduction

We have reviewed the accompanying consolidated balance sheets of Pou Chen Corporation (the "Company") and its subsidiaries (collectively, the "Group") as of September 30, 2024 and 2023, the related consolidated statements of comprehensive income for the three months ended September 30, 2024 and 2023 and for the nine months ended September 30, 2024 and 2023, the consolidated statements of changes in equity and cash flows for the nine months then ended, and the related notes to the consolidated financial statements, including material accounting policy information (collectively referred to as the "consolidated financial statements").

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

### Scope of Review

We conducted our reviews in accordance with the Standards on Review Engagements of the Republic of China 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our reviews and the reports of other auditors (please refer to the other matter paragraph), nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of September 30, 2024 and 2023, its consolidated financial performance for the three months ended September 30, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for the nine months ended September 30, 2024 and 2023 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

## Other Matter

The Group's investments in Ruen Chen Investment Holding Co., Ltd., Nan Shan Life Insurance Co., Ltd. and Elitegroup Computer Systems Co., Ltd. were accounted for by using the equity method based on its financial statements which were reviewed by other auditors. Our conclusion, insofar as it relates to the Group's investments in Ruen Chen Investment Holding Co., Ltd. and Nan Shan Life Insurance Co., Ltd., is based solely on the review reports of other auditors. As of September 30, 2024 and 2023, the carrying amounts of investments in Ruen Chen Investment Holding Co., Ltd. and Nan Shan Life Insurance Co., Ltd. were \$54,756,073 thousand and \$42,031,103 thousand, respectively, representing 15.23% and 12.40%, respectively, of the Group's consolidated total assets. For the three months ended September 30, 2024 and 2023, the amounts of profit of the associates were \$1,988,121 thousand and \$4,007,772 thousand, respectively, representing 21.21% and 50.77%, respectively, of the income which the Group recognized before income tax, and for the nine months ended September 30, 2024 and 2023, the amounts of profit of the associates were \$6,625,108 thousand and \$6,748,292 thousand, respectively, representing 27.93% and 42.51%, respectively, of the income which the Group recognized before income tax. As of September 30, 2023, the carrying amount of the investments in Elitegroup Computer Systems Co., Ltd. was \$1,524,545 thousand, representing 0.45% of the Group's consolidated total assets. For the three months ended September 30, 2023, the amount of profit of the associates was \$38,135 thousand, representing 0.48% of the income which the Group recognized before income tax, and for the nine months ended September 30, 2023, the amount of profit of the associates was \$101,379 thousand, representing 0.64% of the income which the Group recognized before income tax.

The engagement partners on the reviews resulting in this independent auditors' review report are Ker-Chang Wu and Wen-Yea Shyu.

## **NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)**

---

### **1. GENERAL INFORMATION**

Pou Chen Corporation (the “Company”) has main business activities which include the manufacture and sale of various kinds of shoes and the import and export of related products and materials. The Company invests in Yue Yuen Industrial (Holdings) Limited (“Yue Yuen”) and other footwear-related companies through Wealthplus Holdings Limited (“Wealthplus”). Yue Yuen and Pou Sheng International (Holdings) Limited (“Pou Sheng”), a subsidiary of Yue Yuen, are listed on the Hong Kong Exchange and Clearing Limited (“HKEx”).

In January 1990, the Company started to trade its shares on the Taiwan Stock Exchange.

The consolidated financial statements of the Company and its subsidiaries (collectively the “Group”) are presented in New Taiwan dollars, the functional currency of the Company.

### **2. APPROVAL OF FINANCIAL STATEMENTS**

The consolidated financial statements were approved by the Company’s board of directors on November 12, 2024.

### **3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS**

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the Financial Supervisory Commission (FSC) did not have a material impact on the Group’s accounting policies.
- b. The IFRS Accounting Standards endorsed by the FSC for application starting from 2025

<b>New, Amended and Revised Standards and Interpretations</b>	<b>Effective Date Announced by IASB</b>
Amendments to IAS 21 “Lack of Exchangeability”	January 1, 2025 (Note)

Note: An entity shall apply those amendments for annual reporting periods beginning on or after January 1, 2025. Upon initial application of the amendments to IAS 21, the Group shall not restate the comparative information and shall recognize any effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or, if applicable, to the cumulative amount of translation differences in equity as well as affected assets or liabilities.

### Amendments to IAS 21 “Lack of Exchangeability”

The amendments stipulate that a currency is exchangeable into another currency when an entity is able to obtain the other currency within a time frame that allows for a normal administrative delay and through a market or exchange mechanism in which an exchange transaction would create enforceable rights and obligations. An entity shall estimate the spot exchange rate at a measurement date when a currency is not exchangeable into another currency to reflect the rate at which an orderly exchange transaction would take place at the measurement date between market participants under prevailing economic conditions. In this situation, the Group shall disclose information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, its financial performance, financial position and cash flows.

- c. The IFRS Accounting Standards in issue but not yet endorsed and issued into effect by the FSC

<b>New, Amended and Revised Standards and Interpretations</b>	<b>Effective Date Announced by IASB (Note)</b>
Annual Improvements to IFRS Accounting Standards - Volume 11	January 1, 2026
Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments”	January 1, 2026
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between an Investor and its Associate or Joint Venture”	To be determined by IASB
IFRS 17 “Insurance Contracts”	January 1, 2023
Amendments to IFRS 17 “Insurance Contracts”	January 1, 2023
Amendments to IFRS 17 “Initial Application of IFRS 17 and IFRS 9 - Comparative Information”	January 1, 2023
IFRS 18 “Presentation and Disclosure in Financial Statements”	January 1, 2027
IFRS 19 “Subsidiaries without Public Accountability: Disclosures”	January 1, 2027

Note: Unless stated otherwise, the above IFRS Accounting Standards are effective for annual reporting periods beginning on or after their respective effective dates.

- 1) Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments”

The amendments mainly amend the requirements for the classification of financial assets, including if a financial asset contains a contingent feature that could change the timing or amount of contractual cash flows and the contingent event itself does not relate directly to changes in basic lending risks and costs (e.g., whether the debtor achieves a contractually specified reduction in carbon emissions), the financial asset has contractual cash flows that are solely payments of principal and interest on the principal amount outstanding if, and only if,

- In all possible scenarios (before and after the occurrence of a contingent event), the contractual cash flows are solely payments of principal and interest on the principal amount outstanding; and
- In all possible scenarios, the contractual cash flows would not be significantly different from the contractual cash flows on a financial instrument with identical contractual terms, but without such a contingent feature.

The amendments also stipulate that, when settling a financial liability in cash using an electronic payment system, an entity can choose to derecognize the financial liability before the settlement date if, and only if, the entity has initiated a payment instruction that resulted in:

- The entity having no practical ability to withdraw, stop or cancel the payment instruction;

- The entity having no practical ability to access the cash to be used for settlement as a result of the payment instruction; and
  - The settlement risk associated with the electronic payment system being insignificant.
- 2) Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between an Investor and its Associate or Joint Venture”

The amendments stipulate that, when the Group sells or contributes assets that constitute a business (as defined in IFRS 3) to an associate or joint venture, the gain or loss resulting from the transaction is recognized in full. Also, when the Group loses control of a subsidiary that contains a business but retains significant influence or joint control, the gain or loss resulting from the transaction is recognized in full.

Conversely, when the Group sells or contributes assets that do not constitute a business to an associate or joint venture, the gain or loss resulting from the transaction is recognized only to the extent of the Group’s interest as an unrelated investor in the associate or joint venture, i.e., the Group’s share of the gain or loss is eliminated. Also, when the Group loses control of a subsidiary that does not contain a business but retains significant influence or joint control over an associate or a joint venture, the gain or loss resulting from the transaction is recognized only to the extent of the Group’s interest as an unrelated investor in the associate or joint venture, i.e., the Group’s share of the gain or loss is eliminated.

3) IFRS 18 “Presentation and Disclosure in Financial Statements”

IFRS 18 will supersede IAS 1 “Presentation of Financial Statements”. The main changes comprise:

- Items of income and expenses included in the statement of profit or loss shall be classified into the operating, investing, financing, income taxes and discontinued operations categories.
- The statement of profit or loss shall present totals and subtotals for operating profit or loss, profit or loss before financing and income taxes and profit or loss.
- Provides guidance to enhance the requirements of aggregation and disaggregation: The Group shall identify the assets, liabilities, equity, income, expenses and cash flows that arise from individual transactions or other events and shall classify and aggregate them into groups based on shared characteristics, so as to result in the presentation in the primary financial statements of line items that have at least one similar characteristic. The Group shall disaggregate items with dissimilar characteristics in the primary financial statements and in the notes. The Group labels items as “other” only if it cannot find a more informative label.
- Disclosures on Management-defined Performance Measures (MPMs): When in public communications outside financial statements and communicating to users of financial statements management’s view of an aspect of the financial performance of the Group as a whole, the Group shall disclose related information about its MPMs in a single note to the financial statements, including the description of such measures, calculations, reconciliations to the subtotal or total specified by IFRS Accounting Standards and the income tax and non-controlling interests effects of related reconciliation items.

Except for the above impact, as of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing other impacts of the above amended standards and interpretations on the Group’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

d. Reclassification

The management of the Group considers the bank deposits repatriated for restricted purpose for the use of substantial investments and financial investments in accordance with the Management, Utilization, and Taxation of Repatriated Offshore Funds Act do not change the nature of the deposit as the entity can access those amounts on demand. The management concludes that the presentation of cash and cash equivalents is more appropriate and, therefore, has changed the presentation of the consolidated balance sheets and consolidated statements of cash flows. The financial assets at amortized cost were reclassified to cash and cash equivalents with a carrying amount of \$3,344 thousand and \$18,419 thousand on September 30, 2023 and January 1, 2023. The impact on cash flows for the nine months ended September 30, 2023 was as follows:

<b>Adjustments</b>
Net cash generated from operating activities
Net cash used in investing activities
Net increase in cash and cash equivalents

#### **4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION**

a. Statement of compliance

These interim consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 “Interim Financial Reporting” as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual consolidated financial statements.

b. Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments which are measured at fair value, and net defined benefit liabilities which are measured at the present value of the defined benefit obligation less the fair value of plan assets. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- 3) Level 3 inputs are unobservable inputs for an asset or liability.

c. Basis of consolidation

The basis of consolidation has been followed in these consolidated financial statements as was applied in the preparation of the consolidated financial statements for the year ended December 31, 2023.

Please refer to Note 14 “Subsidiaries” to the consolidated financial statements, Table 9 “Information on Investees” and Table 10 “Information on investments in mainland China” of Note 38 to the consolidated financial statements for detailed information on subsidiaries, including the percentages of ownership and main businesses.

d. Other material accounting policies

Except for the following, please refer to the consolidated financial statements for the year ended December 31, 2023.

1) Classification of current and non-current assets and liabilities

Current assets include:

- Assets held primarily for the purpose of trading;
- Assets expected to be realized within 12 months after the reporting period; and
- Cash and cash equivalents unless the asset is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

Current liabilities include:

- Liabilities held primarily for the purpose of trading;
- Liabilities due to be settled within 12 months after the reporting period, and
- Liabilities for which the Group does not have the substantial right at the end of the reporting period to defer settlement for at least 12 months after the reporting period.

Assets and liabilities that are not classified as current are classified as non-current.

The Group is engaged in the construction business, which has an operating cycle of over 1 year. The normal operating cycle applies when considering the classification of the Group’s construction-related assets and liabilities.

2) Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events.

3) Other long-term employee benefits

Other long-term employee benefits are accounted for in the same way as the accounting required for defined benefit plans except that remeasurement is recognized in profit or loss.

4) Income tax expense

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period’s pre-tax income the tax rate that would be applicable to expected total annual earnings.

## 5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, management is required to make judgments, estimations, and assumptions on the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

In addition, the same material accounting judgments and key sources of estimates and uncertainty have been followed in these consolidated financial statements as were applied in the preparation of the Company's consolidated financial statements for the year ended December 31, 2023.

These investments in equity instruments are held for medium- to long-term strategic purposes. Accordingly, the management selected to designate these investments in equity instruments as at FVTOCI as they believe that recognizing short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes.

a. Notes receivable

The notes receivable balances at September 30, 2024, December 31, 2023 and September 30, 2023 were not past due. The merged company assessed that the expected recoverable amount is equivalent to the original recorded amount; therefore, no provision for impairment loss has been made.

b. Accounts receivable

The Group use simplified practice of IFRS 9 to measures the loss allowance for trade receivables at an amount equal to lifetime ECLs. The expected credit losses on trade receivables are estimated using a provision matrix approach considering the past default experience of the debtor and an analysis of the debtor's current financial position. As the Group's historical credit loss experience shows significantly different loss patterns for different customer segments, the provision for loss allowance based on past due status is further distinguished according to the Group's different customer base.

The Group writes off an account receivable when there is evidence indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. For accounts receivable that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

- 1) The following table details the loss allowance of trade receivables.

Note 1: Such capital surplus may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to share capital (limited to a certain percentage of the Company's capital surplus and once a year).

Note 2: Such capital surplus are the changes in equity transactions recognized from the equity changes of subsidiaries when the Company does not actually receive or dispose of subsidiaries' shares.

c. Retained earnings and dividend policy

Under the dividend policy of the Articles, the Company should make appropriations from the annual net income in the following order:

- 1) For paying taxes.
- 2) For offsetting deficit.
- 3) For the legal reserve at 10% of the remaining profit, and for the special reserve to be appropriated and distributed according to regulations or upon request by the FSC.
- 4) The total of any remaining profit after the appropriations mentioned above plus any accumulated unappropriated earnings from prior years may be partially retained and then the remainder distributed as proposed according to the share ownership proportion.

The board of directors proposes an earnings distribution in the form of new shares shall be approved following the resolution of the shareholders' meetings. Distribution of dividends and bonuses or distribution of the legal reserve and capital surplus in whole or in part by cash shall be resolved by a majority vote at a meeting attended by more than two thirds of the total number of directors, and such distribution shall be reported at the shareholders' meeting.

For information about the accrual basis of the compensation of employees and remuneration of directors and supervisors and the actual appropriations, please refer to Note 27 (h) to the consolidated financial statements.

In accordance with the "Articles", profit may be distributed after taking into consideration the future development plan, financial condition, business and operational status, and so on. The distribution of profit shall be proposed by the board of directors, and submitted to the shareholders' meeting for approval. The ratio of distribution shall be no less than 30% of the net income for each fiscal year, and the proportion of cash dividends distributed shall be no less than 30% of total dividends distributed. If there are material changes in the operating environment, the Company can adjust the ratio and amounts of distribution of profit.

Appropriation of earnings to the legal reserve shall be made until the legal reserve equals the Company's paid-in capital. Legal reserve may be used to offset deficit. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's paid-in capital, the excess may be transferred to capital or distributed in cash.

The appropriations of earnings for 2023 and 2022 were as follows:

	<b>Appropriation of Earnings</b>	
	<b>For Year 2023</b>	<b>For Year 2022</b>
Legal reserve	\$ 1,043,304	\$ 1,314,066

The Group's associate, Nan Shan Life Insurance Co., Ltd., is an insurance company, and on October 1, 2022, Nan Shan Life Insurance Co., Ltd. reclassified the financial assets at fair value through other comprehensive income to financial assets at amortized cost. In accordance with Rule No. 11104942741 issued by the Insurance Bureau of the FSC, Nan Shan Life Insurance Co., Ltd. shall appropriate its earnings as a special reserve. When distributing the distributable retained earnings, the Group shall appropriate as a special reserve the amount of changes in the fair value of the financial assets reclassified by Nan Shan Life Insurance Co., Ltd. based on the Group's shareholding percentage of Nan Shan Life Insurance Co., Ltd. If there is a reversal in the changes in the fair value of the financial assets reclassified by Nan Shan Life Insurance Co., Ltd. subsequently, the appropriated special reserve may be reversed based on the Group's shareholding percentage of Nan Shan Life Insurance Co., Ltd. and is thereafter distributed. The balance of the special reserve appropriated or reversed by the Group shall not exceed the carrying amount of the Group's investment in Nan Shan Life Insurance Co., Ltd. Therefore, the Company appropriated a special reserve of \$10,056,342 thousand and \$36,323,172 thousand, respectively, in accordance with the above provision. The Company reversed and appropriated a special reserve of \$12,585,223 thousand and \$21,323,594 thousand, respectively, due to debits to other equity items. A total special reserve of \$2,528,881 thousand and \$57,646,766 thousand, respectively, were resolved by the shareholders in their meeting on May 31, 2024 and June 15, 2023.

In November 2023, the government of Vietnam enacted the Pillar Two income tax legislation effective from January 1, 2024.

Under the legislation, the Group is required to pay top-up tax in Vietnam on profits of the group entities in Vietnam that are taxed at an effective tax rate of less than 15%. As of September 30, 2024, the total taxable amount of the Group's Vietnam subsidiaries that are not taxed is below the effective tax rate of 15%. The Group has no related current tax exposure under the abovementioned items of pillar two income tax legislation.

- e. As of September 30, 2024, the Indonesian subsidiary has paid \$1,234,746 thousand (US\$39,013 thousand), being the first installment amount equivalent to approximately 49% of the tax in dispute in relation to transfer pricing adjustments, including interest and penalties, claimed by the Indonesian Tax Bureau relating to corporate income tax and related withholding tax imposed onto the subsidiary's profit for the tax period 2017. The management of the subsidiary in question is of the view that adequate corporate income tax was charged for the tax period 2017 in accordance with the relevant laws and regulations. Therefore, no additional taxes should be charged by the Indonesian Tax Bureau, and the above amount paid is expected to be recovered when the issue is resolved. The management of the subsidiary is of the view that there are strong grounds to defend the claim. The subsidiary has lodged an appeal with Indonesia's Supreme Court on July 29, 2024 against the additional taxes. No ruling has been made by Indonesia's Supreme Court as of the date of this report.

## 29. EARNINGS PER SHARE

The basic earnings per share and diluted earnings per share were as follows:

	For the Three Months Ended September 30		For the Nine Months Ended September 30	
	2024	2023	2024	2023
<u>Net income (in thousand dollars)</u>				
Earnings used in the computation of earnings per share	\$ 5,727,421	\$ 6,083,119	\$ 13,793,502	\$ 10,581,173

(Continued)

	For the Three Months Ended September 30		For the Nine Months Ended September 30	
	2024	2023	2024	2023
<u>Weighted average number of shares outstanding (in thousand shares)</u>				
Weighted average number of ordinary shares used in the computation of basic earnings per share	2,946,787	2,946,787	2,946,787	2,946,787
Effect of potentially dilutive ordinary shares:				
Compensation of employees	2,810	3,659	7,980	7,876
Weighted average number of ordinary shares used in the computation of diluted earnings per share	<u>2,949,597</u>	<u>2,950,446</u>	<u>2,954,767</u>	<u>2,954,663</u>
<u>Earnings per share (in dollars)</u>				
Basic earnings per share	\$ 1.94	\$ 2.06	\$ 4.68	\$ 3.59
Diluted earnings per share	<u>\$ 1.94</u>	<u>\$ 2.06</u>	<u>\$ 4.67</u>	<u>\$ 3.58</u>
	(Concluded)			

The Company may settle the compensation paid to employees by cash or shares; therefore, the Company assumes the entire amount of the compensation will be settled in shares and the resulting potential shares will be included in the weighted average number of shares outstanding used in the computation of diluted earnings per share, as the effect is dilutive. Such dilutive effect of the potential shares is included in the computation of diluted earnings per share until the shareholders resolve the number of shares to be distributed to employees at their meeting in the following year.

### **31. EXPLANATORY COMMENTS ABOUT THE SEASONALITY OR CYCLICALITY OF INTERIM OPERATIONS**

The Group's industry is not seasonal in nature. Based on historical experience, the sales of the Group are not seasonally dependent.

### **32. CAPITAL MANAGEMENT**

The Group's capital management policy is to ensure that the Group has sufficient financial resources and operating plans to balance the working capital, capital expenditure, research and development expenditure, repayment of debt and dividends paid to shareholders within twelve months.

### **33. FINANCIAL INSTRUMENTS**

a. Fair value of financial instruments that are not measured at fair value

Except those listed in the table below, the Group's management considers that the carrying amounts of financial assets and financial liabilities recognized in the consolidated financial statements approximate their fair values.

- 2) There were no transfers between Levels 1 and 2 in the current and prior periods.
- 3) There was no reconciliation of Level 3 fair value measurements of financial assets except for changes in fair value recognized in other comprehensive income.
- 4) The fair value of Level 2 financial assets and financial liabilities is determined as follows:
  - a) The fair value of financial instruments with standard terms and conditions and traded in active liquid markets is determined with reference to the quoted market prices.
  - b) The future cash flows of derivatives are estimated based on observable forward exchange rates at the end of the reporting period and contract forward rates, discounted at a rate that reflects the credit risk of various counterparties.

5) Valuation techniques and assumptions applied for Level 3 fair value measurement is as follows:

The fair values of unlisted shares and funds with no active market is determined using the asset approach, income approach and market approach.

c. Categories of financial instruments

Financial liabilities at amortized cost (Note 2)	114,712,540	101,864,752	116,321,497

Note 1: The balance included financial assets at amortized cost, which comprise cash and cash equivalents, financial assets at amortized cost, notes receivable, accounts receivable, other receivables and refundable deposits.

Note 2: The balances included financial liabilities at amortized cost, which comprise short-term borrowings, short-term bills payable, notes payable, accounts payable, other payables, long-term borrowings (including current portion), long-term payables and guarantee deposits.

d. Financial risk management objectives and policies

The Group's major financial instruments included equity investments, borrowings, receivables, payables, lease liabilities, refundable deposits and guarantee deposits. The Group's treasury function monitors and manages the financial risks relating to the operations of the Group through internal risk reports that analyze exposures by degree and magnitude of risks. These risks include market risk (including foreign currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

1) Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Group entered into a variety of derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk.

a) Foreign currency risk

The Group had foreign currency sales and purchases, which exposed the Group to foreign currency risk. Exchange rate exposures were managed within approved policy parameters utilizing forward foreign exchange contracts and other derivative instruments.

The carrying amounts of the Group's foreign currency-denominated monetary assets and monetary liabilities and the carrying amount of the derivatives exposed to foreign currency risk at the end of the reporting period are set out in Note 37 to the consolidated financial statements.

### Sensitivity analysis

The Group was mainly exposed to the USD, RMB, HKD, VND and IDR.

The following table details the Group's sensitivity to 1% increase (decrease) in New Taiwan dollars (the functional currency) against the relevant foreign currencies. A positive (negative) number below indicates an increase (decrease) in pre-tax profit with New Taiwan dollars strengthening 1% against the relevant currency. For a 1% weakening of New Taiwan dollars against the relevant currency, there would be an equal and opposite impact on pre-tax profit and the balances below would be negative.

	For the Nine Months Ended September 30	
	2024	2023
USD	\$ 8,740	\$ 44,972
RMB	(42,751)	(74,621)
HKD	(48,942)	(23,460)
VND	19,137	4,166
IDR	186	749

b) Interest rate risk

The Group was exposed to interest rate risk because entities in the Group borrowed funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix of fixed and floating rate borrowings and using interest rate swap contracts and forward interest rate contracts.

The carrying amounts of the Group's financial liabilities with exposure to interest rates at the end of the reporting periods were as follows:

	September 30, 2024	December 31, 2023	September 30, 2023
Cash flow interest rate risk			
Financial liabilities	\$ 75,934,208	\$ 65,888,744	\$ 74,565,617

### Sensitivity analysis

The sensitivity analysis below was based on the Group's floating rate liabilities. The analysis was prepared assuming the amount of the liabilities outstanding at the end of the reporting period was outstanding for the whole period. If there had been a 1% increase in interest rates, the Group to increase its cash outflow by \$569,507 thousand and \$559,242 thousand during the nine months ended September 30, 2024 and 2023, respectively.

c) Other price risk

The Group was exposed to equity price risk through its investments in listed equity securities and mutual funds. The investments are held for strategic rather than trading purposes. The Group does not actively trade these investments.

### Sensitivity analysis

The sensitivity analysis below was determined based on the exposure to equity price risks at the end of the reporting period. If equity prices had declined by 1%, income before income tax for the nine months ended September 30, 2024 and 2023 would have decreased by \$27,024 thousand and \$15,664 thousand, respectively, as a result of the changes in fair value of financial assets at FVTPL, and the other comprehensive income for the nine months ended September 30, 2024 and 2023 would have decreased by \$247,037 thousand and \$224,118 thousand, respectively, as a result of the changes in fair value of financial assets at FVTOCI.

The Group's sensitivity to equity securities investment has not changed significantly from the previous year.

### 2) Credit risk

Financial instruments are evaluated for credit risk (which represents the potential loss that would be incurred by the Company if a counterparty or third party were to breach a contract). The risk includes the centralization of credit risk, components, contract figures, and accounts receivable. Besides, the Company requires significant clients to provide guarantees of a credit rating of intermediate or higher issued by a bank so as to effectively reduce its credit risk.

### 3) Liquidity risk

The Group manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, management monitors the utilization of bank borrowings and ensures compliance with loan covenants.

#### a) Liquidity and interest rate risk tables for non-derivative financial liabilities

The tables have been drawn up based on the undiscounted cash flows of financial liabilities including both interest and principal from the earliest date on which the Group can be required to pay.

The amounts included above for floating interest rate instruments for non-derivative financial liabilities were subject to change if floating interest rates differ from those estimates of interest rates determined at the end of the reporting period.

b) Liquidity and interest rate risk tables for derivative financial liabilities

The following table details the Group's liquidity analysis for its derivative financial instruments. The table was based on the undiscounted contractual net cash inflows and outflows on derivative instruments. When the amount payable or receivable is not fixed, the amount disclosed has been determined by reference to the projected interest rates as illustrated by the yield curves at the end of the reporting period.
